

Buffalo, N.Y., August 12th, 1946.

Mr. Alex Pompez,
Mgr. New York Cubans B.B. Club
of Negro National League,
84 Lenox Avenue,
New York City.

Dear Mr. Pompez:

I am in receipt of the advertising matter, mats, and names and numbers of your players, as well as your publicity material, all of which reached me here early this morning in a large envelope, JUST IN TIME for me to get the printer to stick that large mat of your entire team on the posters, which are being printed right now, and which will mean that there will be three individual pictures of the Newark Eagles, and the group picture of your entire team on our posters, which will be started in distribution in Buffalo today, and in Niagara Falls, North Tonawanda, Tonawanda, Depew, Lancaster and Lackawanna, N.Y. tomorrow.

I am sending a copy of this letter also to Mrs. Effa Manley, Owner of the Newark Eagles, at No. 71 Crawford Street, Newark, N.J., so that she will know that I also received all of your advertising material and publicity matter, and that I am all set now to do a bang up job here for your clubs.

Thanking you and Mrs. Manley again for your splendid co-operation in this matter, and assuring you again that both your interests will be greatly expanded here by virtue of the fine advertising matter that both of you have sent me, I beg to remain,

Very Truly Yours,

Ray J. Fischer
